Price includes unlimited video and audio conferencing

As a host, you will need to download the software application to your PC or device

NOTE: Guest are not required to download any software

Meetings are initiated by inviting your guest, via email or phone to join your conference. Guest will be provided a iMEET web link to your on-line meeting room as well as a iMEET phone number and pin number to join the audio portion of the meeting. [Here's an example inviting guests via email:](#)

To join my video meeting, simply click here: <http://imeet.com/pgi/telx>

To join the audio conference bridge dial 404-602-9526 enter 555123 when prompted

iMEET's free audio conference bridge option offers the ultimate flexibility and premium call quality by taking advantage of standard phone line service instead of being tied to a PC headset.
